Madison, WI 53705

RE: Statistics Intern

Dear Ms. Roth,

Thank you for taking the time to speak with me about The Rainbird Foundation's mission. I am inspired by the progress your team has made toward not just preventing, but ending child abuse. I would be honored to contribute to this effort if I were given the opportunity. I hope that my contribution of statistical, graphic design and non-profit work experience would be of value in carrying out the responsibilities of this internship position.

Through my experience working as a volunteer in the non-profit community, I feel especially drawn to the goal of The Rainbird Foundation. Some of my volunteer projects include the Dream Come True Christmas project and Caring for Kids NJ. I found these particular projects especially fulfilling, because they gave me the opportunity to help individual children and unfortunate families in my area. Both of these projects involved the collection and distribution of hundreds of donated gifts, food items and holiday decorations. Although we were only able to help a few families, these were life-changing experiences for me.

Please see my resume below, and feel free to contact me for any further details. It would be an honor to work with you on this project. I look forward to hearing from you.

Thank you.

Best regards,  
Liz Eisenhauer
